

SOFTWARE TOWN HALL

Thursday, January 27

11 a.m. - 1 p.m. EST

All scientists of all levels worldwide should be enabled to participate actively in the science of the Electron-Ion Collider. To achieve this goal, we need to understand the requirements of the community on the analysis software and workflows first and foremost.

We invite you to share your past experiences and thoughts in the first Software Town Hall. The goal of the meeting is to give anyone in the EIC

community a chance to speak up and to explore requirements for EIC Software in an open environment.

ORGANIZING COMMITTEE:

W. Deconinck (EICUG)
A. Deshpande (CFNS)
M. Diefenthaler (EICUG)
O. Evdokimov (EICUG)
T. Hemmick (EICUG)
D. Higinbotham (EIC²)
K. Kauder (EICUG)
